Objective

Full-stack development and AI enthusiast with strong academic and project experience, committed to building innovative software solutions. Proficient at Python, JavaScript, and modern web frameworks, with hands-on skills from classroom to real-world projects. Eager to contribute to dynamic teams, expand my knowledge base, and help deliver impactful technology. Actively seeking an internship opportunity where I can leverage technical expertise, learn from industry leaders, and grow as a technology professional.

Education

B.Tech in Information Technology

2022 – Present

St. Joseph's College of Engineering (Anna University), Chennai

Expected Graduation: 2026

Relevant Courses: Web Development, Data Structures & Algorithms, Python Programming

Skills

Programming: Python, JavaScript, SQL

Web Development: HTML, CSS, React

Tools: Git, GitHub, Excel

Soft Skills: Problem Solving, Teamwork, Adaptability

Projects

AI Chatbot – Designed and built a chatbot using front-end web technologies; integrated Groq API and LLaMA3 model for accurate, real-time conversational AI. Ensured responsive and accessible design for broad usability.

NexToolBox – Developed a modern web app suite with tools including a temporary email generator, password generator, and temperature converter. Delivered mobile-ready UX and robust code organization.

Experience

Intern – Full Stack Development

2024

Assisted in developing a **User Authentication System** using Flask and SQLite. Gained practical exposure to backend development, database handling, and teamwork.

Certifications

Complete Python Programming (Udemy, 2025)

Responsive Web Design (freeCodeCamp, 2025)
